General Business

Chris Vafiopulous discussed the recent fishing, camping and 4WD Expo and he along with other thought that this expo was nowhere near as good as previous years. He thought that the timing of this show was too late and the content of fly fishing gear was disappointing, Chris suggested that we write a letter to the organisers to let them know that we were not happy with the 2005 expo.

Dave Holder suggested that the club could hold an Auction; this had been done at other clubs and was very successful. It was though that this could be included for 2006.

Jack Groenewald has found a successful method of attaching different boots to waders; this is with the use of the blue glue that is use for joining PVC pipe. To learn more about this method contact Jack at our next meeting.

Moved by Peter Neligan, seconded by Neil Morrison and carried that we give \$600 to Gavin to be spent on raffle prizes for our Annual Dinner.

Fish Reports

Jack Groenewald fished the Macalister river and caught a 25cm Rainbow

James Tourtoulas fished the Macalister River and caught 2 Rainbows to 25cm

Ron Bassler fished the Livingston for 3 fish to ¾lb, and the next day he saw 3 snakes in the same area

Dave Holder reported catching 3 Rainbows to 27cm from fishing the Macalister River

John Utan fished the Corryong area and caught 3 fish out of the swampy to 34cm and another 3 smaller fish out of the Narial Creek. John also had a trip to Western Australia and fished Harvey Dam, 140km south of Perth; he caught 4 Rainbows at 1lb in 3 hours of fishing and said there where plenty of fish being caught by others

Ian Brideson caught 6 fish at Licola and a 1.0kg fish below the wall, and on another trip to Licola he caught another 2 Rainbows

Dean Cousin fished the Timbarra and caught 4 fish to 380g

Ian Brideson reported that Rick Sunderland had caught 13 fish at Jindabyne to 4lbs and that Rick had also made it to the Australian Championships in Tasmania. Congratulation Rick (Maybe you could send us a report on the Championships thanks Rick)

Guest Speaker:

Errol Parmigiani is the Regional Manager for the Department of Primary Industry, he spoke on trout stocking in this area, due to low water in the Western District some of the trout stocking for that area had to be redirected into other impoundments, so they have put a lot more fish into Blue Rock Dam, Errol said that it has been fishing very well with good catches of trout being recorded.

Errol said that they have been thinking of putting larger trout into the Macalister next year if it gets approved by fisheries Victoria.

Mostly Errol answered questions from the members who attended.
