***Fishers urged to have their say about proposed changes***

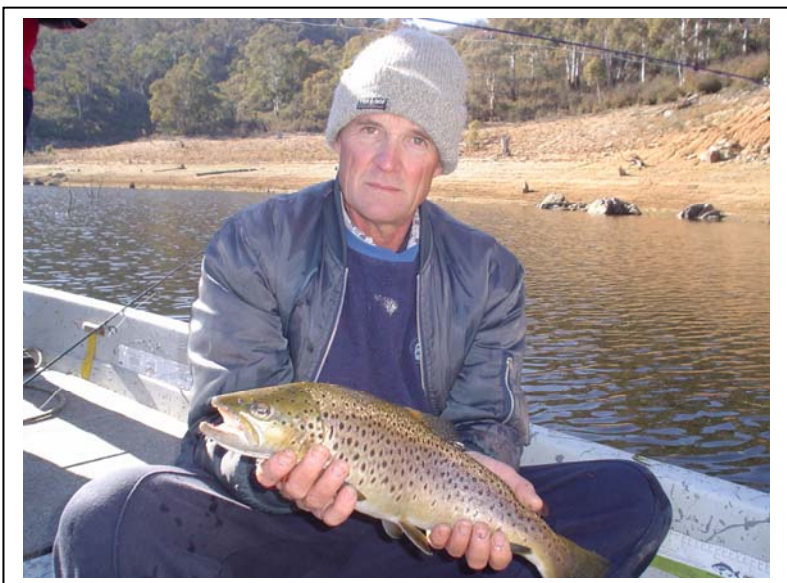

Fisheries stakeholders in the recreational sector are being encouraged to have their say about proposed changes to fisheries regulations. The proposed changes are outlined in a Regulatory Impact Statement (RIS), which has been released for public comment for a period of 60 days.

New and amended regulations are proposed for a host of recreational species including bream, elephant fish, estuary perch, flathead, golden perch, kingfish, mulloway, Murray cod, prawns, redfin, snapper, trout, tuna and whiting. There are also proposed changes to recreational hook and line entitlements and regulations protecting the intertidal zone. Many of the proposed changes relating to the recreational sector are about providing clearer and less complex regulation.

Written submissions to the RIS must be received by 5pm Friday 1 August 2008. To obtain a free hard copy of the Draft Regulations, the Regulatory Impact Statement, Fact Sheets and Feedback Forms, contact the Department of Primary Industries Customer Service Centre on 136 186 or visit [www.dpi.vic.gov.au/fishing](http://www.dpi.vic.gov.au/fishing).

Max, Chris and Pete with some of their fish from the Jindabyne trip.

Please record your catch on the record chart and hand them in to the Weigh Master at the meeting
