GSI Investment Accounts \$2,854.99

Approximately \$270 in kitty for drinks/prizes.

Treasurer's report moved by Dean Cousin and seconded by Gavin Sculley.

General Business

"Change of Date for committee meeting"

A committee meeting was planned for Mon. 9th August.
This has now been changed to Monday 16th August at The Sporting Club beginning at 6:00 pm prior to the General Meeting.

A discussion was held on the current "Inland Waters Classification" Draft Fisheries management Paper.
The consensus was for it to be reviewed and a if required to provide a submission.

Peter Murray informed us that ACES in Sale are not holding the fly fishing classes any more, and that this might be something that the fly fishing club may like to take up?

National Marine Parks Extension.

This was discussed with some concern by some members at the meeting. Ray Said that this was also discussed at the DPI's Rec Fish Round Table and it was stated that this proposal was put forward by a group calling themselves the "National Parks Association". This group is not part of the "National Parks & Wildlife" which is the governing body.

It was proposed that we send a letter of support to Craig Ingram for his plight against this movement and to other local politicians to voice our concerns.

Jack Groenewald said that the Fishermans Hut has good prices on their hooks and that they offer SFFC members a 10% discount.

Fish Reports

Brett Wamsley - fished with members of the Townsville Fly Fishing Club and caught 4 Tarpin and 1 Flathead
Peter Murray is just back from a trip to England and Europe where he fished:

- The Itchen River for 6 Grayling and 2 Brown Trout to 500g
- The River Wandle for 2 Roche to 1lb
- Paid to fish Frensham Fishery in Surrey South East England and Landed 19 fish for the day up to 2.4kgs.
- In France Pete Fished the river Authie and caught 8 Browns to and 2 rainbows to 500g

Sadly no one else has been fishing

Meeting Closed: - 8.50pm

Have your say on the Inland Waters Classification

Fisheries Victoria is seeking comments on a draft Inland Waters Classification that classifies all inland waters in Victoria as trout, native or mixed fisheries. Our goal is to promote and develop recreational angling opportunities for native, trout and mixed fisheries.

The draft Classification maps the distribution of key angling species, current fisheries management arrangements and classifies waters based on social and economic values, waterway management and biodiversity criteria.

Capturing the knowledge and aspirations of recreational fishers and other stakeholders is critical to developing an effective Inland Waters Classification. Anyone with an interest in recreational fishing is encouraged to make a submission.

The closing date and time for written submissions is 9am on 16 August 2010.

The draft Classification was prepared in consultation with the Inland Waters Classification Reference Group which included individuals with expertise in trout, native and mixed fisheries including representatives of Native Fish Australia, the inland fishing recreational industry, the Australian Trout Foundation and VRFish.

Copies of the draft Classification are available at www.dpi.vic.gov.au/fishing or through the DPI Customer Service Centre on 136 186.

Have your say on the draft Classification by emailing Anthony Plummer on Anthony.Plummer@dpi.vic.gov.au or write to Anthony Plummer, Fisheries Victoria, Department of Primary Industries, GPO Box 4440, Melbourne 3001.
